

## Home Visits

Home Visits From \$20 per visit Your pets can stay in their own familiar surroundings and enjoy the comfort of their own bed. Choose to have a loving and professional carer visit your pets while they stay at home. We can visit once, twice or thrice, and are happy to care for your "kids"; just like you would. No matter what type of pet you have or what type of care you require, we can match our skills to your needs, NO CAGES – SAFETY OF THEIR FAMILIAR SURROUNDINGS - HOME SECURITY CHECK - 24hr SUPPORT – BASIC HOME CARE - LOTS OF LOVE AND ATTENTION

### How it works:

Prior to departing for your trip a Woofers animal handler will come to your home to meet with you and your pets. You can instruct the handler with your special requests and arrange convenient times for each visit.

Then, you can have a happy holiday knowing that we are caring for your pet while you are away. Each visit can be tailored to your pet's needs and your special requests. If you want them brushed and cuddled or just walked and fed then we will happily spend each visit doing just as you prefer (mail, bins, pot plants, curtains etc).

At the end of each visit we refill the water bowls, double check the yard and home and securely lock the gates. We leave you a calling card detailing exactly what we did and when, and your pet will even wear a I.C.E. (In Case of Emergency) pet tag with 24hr response.

### Why:

Your pet instinctively knows that you always come home. Although you may be away for longer than normal they still have less chance of suffering from separation anxiety when they are surrounded by their regular creature comforts. Every am you go off to work and every pm you come home. This behaviour has been ingrained in your pet has become instinctual.

Although your pet may become lonely while you are away they will be with in their own comfortable surroundings and the place they know as home. You not only get someone to love and care for your pets you'll also have a responsible person to keep an eye on your home also.

It safe, humane, and a great way to enjoy your holiday knowing that your pet is being cared for completely.
